1. The hangars of the STENDAL-BORSTEL (M 53/Y 75) airfield were closed. No aircraft were observed there although the field was guarded. The passenger car E 5-38-75 went to the field.
2. No aircraft or flying has been observed at the STENDAL-BORSTEL airfield since 9 September 1949. According to a German previously employed there, the unit formerly stationed there had been transferred. Training flights between 7 and 9 September 1949 had been allegedly performed as preparations for the transfer.

Comment:

The transfer of the fighter regiments previously stationed in STENDAL was confirmed by other sources. According to observed shipments and the evaluation of motor vehicle numbers, the regiments were transferred to ORANIENBURG. No air unit is assumed to now be stationed in STENDAL.
